

Clydebelt News

Number eight

November 1995

Clydebelt is the organisation dedicated to protecting our Greenbelt heritage in the Kilpatrick Hills.

It is non-political, non-sectarian, and non-profit-making

Football Stadium versus Greenbelt

Clydebank Football Club has applied for outline planning permission to build a new Stadium and car parks on the Greenbelt between Hardgate and Drumchapel, between the Boulevard and the golf course.

Because this is Greenbelt it is opposed by Clydebelt.

It is unlikely that the Clydebank District Council will decide anything until early next year, so there is time to see just how people think about the plan.

Come to the meeting on Monday to let us know what you think.

Microwave your hospital waste?

AAH Ltd want to put a microwave hospital waste disposal unit in Clydebank.

Although it isn't about the Greenbelt, many Clydebelt members were at the 11th October meeting in the Lesser Hall to object to the idea.

We asked some tough questions, and didn't get many answers.

A full list of our questions has been sent on to AAH by the Clydebank District Council, who also want some answers.

Meeting

you are invited to the
Clydebelt Members'

Annual General Meeting

8.00pm Monday
20th November 1995

**in the Trinity Church,
Roman Road, Duntocher**

We will discuss issues raised in this Newsletter, and any more that arise. The meeting is for all who are members (eg who receive this newsletter), and you can join at the meeting.

Come and make your feelings known.

Agenda

1. Minutes of previous meeting
